

SIAN OSBORNE

HELLO

I'm Sian.

I am a graduate of Norwich University of the Arts with a degree in Graphic Design, specialising in Design for Publishing.

I have a keen eye for detail and am confident working with typography for both print and digital. I am proficient in using the Adobe Creative Cloud Suite, but I also like to use a more hands-on approach, and in past projects have used techniques such as, screen printing, letterpress, hand paper-cutting and illustration. I enjoy immersing myself in projects and developing ideas before reaching a final solution.
